MESSAGE FROM THE CHAIR

It is with great pride that I present to you the 2024-2025 annual report of the Dialogue Network, a pivotal year in the history of our organization.

It was foremost a year of celebration: 20 years of commitment to serving Francophone communities in Canada. This anniversary was an opportunity to measure the ground covered but also to prepare for the future, as our 2022-2025 strategic plan comes to an end. Guided by this framework, we continued our transformation and reaffirmed our ambition to be an essential player in intercultural dialogue, diversity and Francophone vitality.

Through numerous training courses and the development of governance tools, our board of directors strengthened its efficiency, professionalized its practices, and consolidated its role as a strategic support. This evolution reflects our commitment to better serve our mission and communities.

Among the major initiatives of the year, the launch of the VIF Program marks an important step in supporting innovative youth projects across the country. This new program illustrates our determination to invest in the next generations of Francophones and to create concrete opportunities for youth engagement.

We also confirmed the launch of new research projects, conducted in partnership with universities. These initiatives aim to anchor our expertise in dialogue in evidence-based data, to better understand community dynamics and guide our actions with even greater relevance.

I wish to express my deep gratitude to our funders, especially Canadian Heritage, as well as to our partners and sponsors, whose trust and collaboration make our achievements possible.

Finally, I warmly thank our team for their professionalism and passion, and my fellow board members for their unwavering commitment. Together, we have laid solid foundations to continue our mission and support our communities towards a future rich in exchanges, partnerships, and celebrations.

Ajà Besler,
Executive Director

MESSAGE FROM THE EXECUTIVE DIRECTOR

The years 2024-2025 was marked by celebrations, new initiatives, and concrete actions that strengthened the dialogue and the vitality of our Francophone communities across the country.

We celebrated a historic moment: the 20th anniversary of our organization, an opportunity to reflect on our journey and to turn an important page with a new name, Réseau dialogue. This change reflects our desire to be even more connected, inclusive, and present in the field, aligned with the realities and aspirations of our partners and the communities we serve.

With a team now made up of 10 employees, we multiplied opportunities for exchange and engagement, while being more active and closer to communities. This increased capacity allowed us to participate in the World Acadian Congress, a highlight of meetings, sharing, and collaboration that showcased the richness and diversity of our Francophone cultures.

The Rendez-vous de la Francophonie (RVF) continued to evolve to better meet community needs, with inclusive and diversified programming. The RVF comedy tour, featuring artists reflecting the plurality of our communities, was presented for the first time in several cities, broadening our reach and creating unique gathering moments.

This year also marked the conclusion of Tout pour la musique and the launch of a major initiative: the VIF Program, which funds innovative youth projects across the country and embodies our commitment to the Francophone next generation.

Surrounded by a passionate team and a dedicated board of directors, I am proud of the path we have taken and excited about the opportunities ahead. Together, let us continue to build bridges, foster dialogue, and celebrate Francophonie in all its diversity.
